

Department of the Army, DoD

§ 650.7

(9) Historic and cultural sites, structures, and objects under Army jurisdiction will be preserved, restored, and maintained for the benefit and enjoyment of future generations.

(10) An integrated, multiuse, natural resources, land management program will be conducted for forests and woodlands, fish and wildlife, open space, soil, water, vegetation, outdoor recreation, natural beauty, and increased public access and nonconsumptive utilization on lands under Army jurisdiction within the provisions of AR 405-80 and AR 420-74.

(c) At locations outside the United States, Department of the Army activities will comply with the requirements of the National Environmental Policy Act as set forth in subpart B of this part and conform at all times to the environmental quality standards of the host country, international agreements, and Status of Forces Agreements. The provisions of this regulation will be used, to the extent applicable, in fulfilling environmental protection requirements in overseas locations.

(d) When, in the interest of national defense, it is not considered practicable to comply with the foregoing policies, the matter will be referred with full particulars to HQDA (DAEN-ZCE), WASH DC 20310.

§ 650.6 Implementing guidance.

Guidance for implementing DA environmental policies are—(a) The environment must be considered as a single, integrated system characterized by the continuous interaction of air, land, and water.

(b) For planning purposes, the environmental system will be regarded as closed; nothing can be thrown away. Wastes must be either recycled and reclaimed or confined and contained so they will not migrate to re-emerge in pollutant form.

(c) Pollutants are potential resources which are out of place.

§ 650.7 Responsibilities.

(a) Army Environmental Council will—

(1) Review and redirect, as necessary, Army environmental policy and programs to insure the Army fulfills its

responsibility under the National Environmental Policy Act and other Federal laws and regulations pertaining to pollution control and environmental protection.

(2) Provide policy guidance on those matters which fall within the cognizance of the Council and on such matters as referred for consideration by the Secretariat or the Army Staff.

(b) Army Environmental Committee will assist the Army Environmental Council by—

(1) Proposing new environmental policies and programs as directed by the Council.

(2) Serving as a forum for the exchange of information and ideas related to the formulation of the Army Environmental Program.

(3) Assisting in the resolution of interagency problems on environmental matters.

(4) Assisting in the formulation of Army-wide implementing instructions for the Army Environmental Program.

(5) Maintaining surveillance over the ongoing Army Environmental Program and activities.

(6) Reviewing Army Environmental Impact Statements and requests for exemption from Federal and State pollution control standards prior to formal approval by the Assistant Secretary of the Army (Civil Works).

(7) Providing reports and information as directed by the Army Environmental Council.

(c) Chief of Engineers will—

(1) Exercise primary Army Staff responsibility for directing and coordinating environmental activities within the Army.

(2) Recommend such actions as will enable DA to comply with the intent, purposes, and procedures of the National Environmental Policy Act and other Federal legislation relative to environmental quality.

(3) Apply Army environmental policy and direct programs so that applicable environmental and pollution control laws and regulations are observed in the acquisition, construction, operations, and disposal of real property.

(4) Maintain positive surveillance over and report progress of the design and construction of pollution control facilities for Army installations.
